

## PMP [Project Management Professional] (STC1E11)

### Course Overview:

PMI's Project Management Professional (PMP)® credential is the most important industry-recognized certification for project managers. Globally recognized and demanded, the PMP® demonstrates that you have the experience, education and competency to successfully lead and direct projects.

This recognition is seen through increased marketability to employers and higher salary; according to the PMI Project Management Salary Survey—Seventh Edition, certification positively impacts project manager salaries.
